

## Regulation ECE R14

Test Title VO00624

Description M1 Ford Transit Custom 1st Generation Rib Altair 1500mm Triple Seat Bed

Date 10/09/2025 09:44:23

The objective of the test was to conduct a pull test to category M1 on the seat belt anchorages of the chassis mounted RIB 150cm seat, provided by Clearcut Campervan Design, to the requirements of ECE R14-07. The combined force of the M1 testing applied the equivalent of 7.5 tonnes of load onto the seat and anchorage system which easily passed ECER14 requirements.
